Education

- **B.Tech, Computer Science and Engineering**, Sanjay Ghodawat University, Kolhapur Expected 2024

Skills

- **Programming languages:** Python, JavaScript
- **Machine learning libraries:** scikit-learn, TensorFlow, Keras
- **Web development:** HTML, CSS, JavaScript, React, Node.js
- **Other tools:** Git, Jupyter Notebook, SQL

Projects

- **Sentiment Analysis:** Conducted sentiment analysis on customer reviews for a restaurant using scikit-learn.
- **NewsBot:** Built a web application using Node.js and React that scrapes news articles and summarizes them using machine learning.
- **Movie Recommender System:** Developed a collaborative filtering recommendation system for movies using Python and TensorFlow.
- **Sentiment Analysis (Part 2):** Trained a convolutional neural network to perform sentiment analysis on movie reviews using Keras.

Experience

- **Web Developer Intern**, ABC Company Summer 2022
 - Developed and maintained multiple web applications using React and Node.js.
 - Implemented user authentication and database integration using SQL and MongoDB.

Certifications

- **Data Science Essentials**, IBM 2022
- **Deep Learning Specialization**, Coursera 2021
